

Vehicle Cab Details

During 2010, TractorFab introduced a series of parts for detailing vehicle cabs:

Steering Wheel Assortment

Mirrors & Windshield wiper Assortment

Door Latch assortment

Bring detailing to a whole new level with this tool set! Includes many shop tools including wrenches and grease guns! Also available - tread plate stock for detailing projects.

Farm Scene Details

Detailing grain bins and farm scenes is a lot easier with these TractorFab details. Made from stainless steel so you don't have to paint!

Ladder and Cage Kit

Cage Only Kit for Standi Bins
Grain Bin Platforms

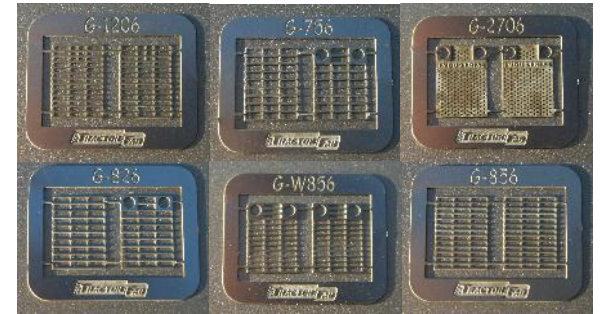

Grain Bin Fans & Screens

Tractor Grills & Detail Kits

We didn't know there were so many variations on IH '06 and '56 series grills until we did the research! We think we got 'em all correct, right down to the bar spacing!

Clockwise, starting upper left: 1206, 756(Farmall & Standard), 2706 Industrial, 856, 1256 & 1456, 56 Wheatlands, and 826 (Farmall & Standard)

Our Photo-Etched Rake Wheels add ultra realism to any purchased or scratchbuilt vee-rake.

Tractor details for 2010: IH weight brackets, Farmall wheel kits, JD 40,50,55 Series and IH 88 Series complete detailing kits.

**Welcome to TractorFab - supplying
Photo-Etched Farm Toy Parts to 1/64
Scale Farm Enthusiasts.**

Our goal is to provide high quality, photo etched parts to enhance tractor models and farm displays. We hope our background in farming, farm toy collecting, and detailed modeling will lead to the development of quality, affordable farm toy tractor parts to help make the farm toy hobby more enjoyable.

Background

2010 was TractorFab's first year offering photo-etched parts to the farm toy hobby. It all started with the tractor below, upfitted with a prototype stainless steel grill made from an HO Scale freight car roof walk. With the help of the Toy Tractor Times web forum, we were able to market this new concept to a large number of farm toy modelers, who were eager for a whole new level of detail!
